

ZACHARY REISS

(435) 671-9074 | zachreisssoftwaredev@gmail.com | LinkedIn: [Zachary Reiss](#)

EDUCATION

Snow College, bachelor's degree 2021 "Software Engineering"

Mastered Skills

- C#
- ASP.Net Core Development
- Angular
- SQL, Postgres, and Database Design/Organization
- Web Development languages (HTML, CSS, JavaScript)
- Agile Development Experience

PERSONAL CHARACTERISTICS

Accountable

- Take personal responsibility to deliver quality results that meet and exceed expectations.
- Consistently strive to work while on the job and honestly log hours and costs.
- Honest when asked to do a job or task that I may not know how to accomplish.

Organized

- Started my own handyman business. Created excel sheets to track customers, expenses, jobs, income, and time.
- Made drafts of projects to know exactly what needed to be done before I started and presented them to clients for approval.
- Effectively wrote documentation for software projects to refer to when debugging or working on it.

Curious and a fast learner

- Taught myself the C programming language over the summer by studying books and doing projects.
- Completed programming tasks for tech company that required me to learn from outside sources.

Great communicator and work well in teams

- Worked together and collaborated with a software development team where Agile development was followed.
- Worked on a team to create a robot that would complete an obstacle course in a certain amount of time.
- Presented bids and negotiated design details with team members and clients.

WORK EXPERIENCE

- Micron Technology Inc. IT Software Engineer, Intern 2020 -- present day
-Developed a monitoring app for critical systems.
